Name: _____ Area of Assignment: _____
Observation Setting: _____ Date: _____

(Use these prompts to guide the post-observation discussion/conference. You do not need to write out the answers. You may if you wish.)

***Did the observation session go as I intended? How do I know? Were my goals met? How do I know?**

***Were my assessment strategies effective? Would I make any changes in my approach to assessment? If so what changes would I make and why?**

***Did I make any modifications/adjustments to my plan during the session? If so, what were they? What motivated these changes?**

***My feedback positively affected a participant in the following situation.**

***If I were to conduct this activity again with the same participants, how would it look and why?**
